AHOY!

We couldn't be more excited and would like to warmly welcome you to the second mooring of re:connecting Europe: re:publica Thessaloniki. It's such a blast to be here!

Join the discussion and debate because: You are the digital society! And so is re:publica. No matter if you're a speaker or an attendee. In sharing your ideas, visions and experiences, you make re:publica a one of a kind event. With your active participation you help strengthen our network – for both the event and beyond.

Have a wonderful, inspiring re:publica Thessaloniki. Let's get this party started!

re:publica founders & team

re:publica connecting europe

1 TRIP, 2 EVENTS, MORE THAN 100 HOURS OF EXCHANGING IDEAS & NETWORKING – LET'S CELEBRATE THE DIVERSITY OF DIGITAL EUROPE!

The effects of digitisation on the economy, politics and daily life have long been European. re:connecting Europe unifies re:publica Dublin and re:publica Thessaloniki, with our aim being to promote the development of a Europe-wide network of creative industries. This endeavour was made possible thanks to the support of the **German Federal Foreign Office**. At re:publica Berlin in May 2017, we launched the re:connecting Europe space as an idea forum for players and stakeholders from Dublin and Thessaloniki, followed by roundtables in both cities to involve the community. Within re:publica's North-South axis, we want to do our part in establishing a platform for a networked digital society in Europe. We aim to bundle positive forces and create room for an active dialogue between and with the representatives of public interests, politics, science and society. We look forward to new perspectives on our networked world!

So join in the conversation: Dublin and Thessaloniki. And next year, from May 2-4 in Berlin!

RE:BOAT

Thanks to a cooperation with MEER-SEEN, re:boat will be part of the #rpTHE programme. The yacht has plenty of space below deck, boasts a cosy interior and a large salon with an old-fashioned navigation area.

THINGS TO EXPLORE

Monday & Tuesday (all day)

The Big Blue Lab Mobile by Global Innovation Gathering (GIG) & Communiter

After being part of the GIG Makerspace at #rp17 in Berlin, Big Blue went on a road trip to Thessaloniki where Communiter have been using it as part of their mobile resource center to facilitate maker workshops with refugees and local communities. And now the Big Blue will once again be home to makers at re:publica Thessaloniki!
